Disconnected from the world  
I see change from day to day  
Are they friends or are they just names  
Memories of better times  
Time when life was more than  
Fine with me and fine with you  
They watch me live as I watch them die  
Watch them die!  
Destroying their minds, destroying their lives  
And how long will it take for the smile to fade away  
You're acting like a fucking child  
Burning out and burning down  
This isn't  
This isn't  
This isn't... a fucking weekend gateway  
When will you stop losing  
When will you, when will you  
When will you stop using  
When will you  
You're acting like a fucking child  
Burning out and burning down  
You're acting like a fucking child  
Burning out and burning down
