Maybe I don't have this which you like it Maybe I'm not so sexy Maybe I don't know how to behave And sometimes to be like baby

Maybe I'm not this which call it woman I don't have ten men in my feet For the things that I don't know, I always ask But I know very well how much I love you

C:Leave it on me and you'll see
How much you would be in love with me
The destiny is written for you
Leave it on me and you'll see
How much you would be in love with me
My baby, I'm Kalomira

Maybe I haven't experience in love
I haven't taken yet my first kiss
Maybe I never was in love
But now my heart is trembling for you

Maybe I'm not femme fatal I don't have ten men in my feet I'm just an innocent girl Who has fallen in love you, my baby

C:Leave it on me and you'll see
How much you would be in love with me
The destiny is written for you
Leave it on me and you'll see
How much you would be in love with me
My baby, I'm Kalomïra
