Ravished from our paradise  
A crack in the mirror I know who's to blame  
So full of life but paralyzed  
Etch on my iris, but I try not to think of it all

We swore to god in veritas  
and burned our skin like it burned our souls  
One dealt with grief by causing pain  
she hid behind maple and built her own fortress of  
sound

Hear this melody almost forgotten

(HUSH)

I've been waiting a lifetime to show you  
You're returning to heaven like dust to dust  
I've been waiting forever to witness your fading  
Like ashes to ashes

Forbidden dance on fragile skin  
Why do you shine as I suffer in pain  
The greatest scars remain within  
Leaving you now with a heart as black as cardinal sin

Fear this melody almost forgotten

I've been waiting a lifetime to show you  
You're returning to heaven like dust to dust  
I've been waiting forever to witness your fading  
Like ashes to ashes

(Solo)

I've been waiting a lifetime to show you  
Been waiting too long

I've been waiting a lifetime to show you  
You're returning to heaven like dust to dust  
Been waiting forever to witness your fading  
Like ashes to ashes
