[Part I: Mirror Mirror]

Mirror can you tell me

How to stay forever young

Let me know the secret

I will hold my twisted tongue

Please protect my beauty

Velvet skin so pure and white

Hear my name resounding

Like a hymn at dead of night

Once I struck a servant

She's a virgin free from sin

Drops of blood caressed me

And refined my aging skin

Could this be the answer

Uncorrupted carmine red

Voices keep resounding

In my dazed bewildered head

Have I found myself eternity

Someone has heard my prayers

Now I'll become divine

Have I found myself divinity

I'm no longer a slave

To the vicious hands of time

[Part II: Requiem Of The Innocent]

Mother can you hold me

One more time again

Whisper "I still love you? in my ear

Mother did you lie

Would you tell me why

There is something deeper that I fear

Justify the madness I portray

Daggers in the darkness find your way

When the moon is full and piercing bright

Drench me with your innocence tonight

Don't you want to die

Walk beside me evermore

Don't you feel alive

Like you've never felt before

Visions of the future

Unprofound and blurred

I have passed the point of no return

Justify the madness I portray

Let me keep my beauty one more day

When the moon is full and piercing bright

Drench me with your innocence tonight

Don't you want to die

Walk beside me evermore

Don't you feel alive

Like you've never felt before

Don't you want to die

Souls transcending, silver shine

Don't you feel alive

Your blood preserves my place in time

[Part III: Fall From Grace]

Breathe in deep

Smell these halls of hate

Carve your name into these walls

Before it is too late

Cold and twisted

They resisted

What was I to do

All I ever wanted was

A fraction of the truth

Walking in the shadows

Of my blackened mind

Lost inside this shallow

Vanity of time

What if there's a God a hell and heaven

Fire is the torment I must face

Dying by the souls I have forsaken

No one's going to catch my fall from grace

[Bleed on me]

Watch me from your cage
As I rejoin my painful prime
[Suffer and exhale]
You and I are relics
We provoke and we recline
Walking in the shadows
Of my blackened mind
Angels crave my sorrow
Sorrow they will find
What if there's a God a hell and heaven
Fire is the torment I must face
Dying by the souls I have forsaken
No one's going to catch my fall from grace
Walking in the shadows
Of my blackened mind
Angels crave my sorrow
Sorrow they will find
