Let me play a melody for you  
While searching for the light  
And a way to live forever  
Your flaws make sure you never contemplate  
And see the consequence  
Of trying to survive

Like the shadows in my head  
You will play that ghost again  
(Do you think salvation waits for you)  
As I lay you down to sleep  
All your tears are mine to keep  
(Shh...)

Falling like the fahrenheit  
Someone will always lose  
You will never see another sunrise  
My cyanide in paradise that someone's always you  
I will never see another sundown in your eyes

Let me share a memory with you  
Imprisoned in the sound, let us dream away together  
Every single note is bound to send a flower  
From this world to wither with a smile

Like the shadows in my head  
You will play that ghost again  
(Do you think salvation waits for you)  
As I lay you down to sleep  
All your tears are mine to keep  
(Shh...)

Falling like the fahrenheit  
Someone will always lose  
You will never see another sunrise  
My cyanide in paradise that someone's always you  
I will never see another sundown in your eyes

Give me a sign  
To take what is righteously mine  
Give me the secrets that you keep (feed me)  
I will save them for no one else to see

Falling like the fahrenheit  
Someone will always lose  
You will never see another sunrise  
My cyanide in paradise that someone's always you  
I will never see another sundown in your eyes  
(Give me a sign...  
Shh...)
