Future Kings

Long time ago
The seed was sown
A child born in Uther's name
Conceived in sin
The future king
A new realm of truth proclaimed

They came from far
To meet this man
They saw he was just and wise
The flags unfold
The fires rise
Reflecting the force in his eyes

Fighting for the crown
Pride and honor to be found

Born from sin
Into Merlin's hand
Once and future king
Vomed to return again

In moonlit haze
Among the hills
Sir Mordred, Morgana's shade
Would slay his king
Forever cling
To darkness his powers fade

Fighting for the crown
Pride and honor to be found

Born from sin
Into Merlin's hand
Once and future king
Vomed to return again

Bedivere, my best of knight
This sword i beg you take
To the place where it belong

And throw it in the lake

Into the war

Forever more

The people shall follow the chosen one

As when alive

His will survives

To rest on the island of Avalon
