Close your eyes and count to ten  
I dare you  
I will catch your fall  
It takes a dreamer to believe

Make a wish and take a stand  
I promise the world to you  
The sun will paint your face with gold

Saying you don't have to live afraid

Because we're all leaving too soon  
In a moment of sobriety we learn to see  
We are not meant to stay for eternity  
Don't use the time you have to dream away

Weigh the future in your hand  
Tomorrow, today has gone to sleep  
Only to wake up yesterday

Cross the borders of your land  
The soil beneath will crumble  
The sun will light the fire in your eyes again

Saying you don't have to die afraid

Because we're all leaving too soon  
In a moment of sobriety we learn to see  
We are not meant to stay for eternity  
Don't use the time you have to dream away

Because we're all leaving too soon  
In a moment of sobriety we learn  
We are not meant to stay for eternity  
So use the life you have to live your dream
