Closing my eyes again to forget about the day
I've seen it all before and I'll see it all again
But I'll never know just why

Oh lord, help me to see a way to live this dream
For my time is running short and my patience wearing
thin
And in the morning the dream finds its ends
Morning comes I'll never know what shape I'll be in

A broken rainbow falls from the sky
The tears of sorrow fill a young man's eyes
There's a dark cry from deep inside
From a splintering heart

The broken rainbow falls from the sky
The tears of sorrow fill a young man's eyes
There's a dark cry from deep inside
From a splintering heart

The river I ride on always flows my way
And the stars I look to guide me shine brighter than the
day
The silence of the night calms the troubled mind
The worries of the day just seem to fade away, fade
away

A broken rainbow falls from the sky
The tears of sorrow fill a young man's eyes
There's a dark cry from deep inside
From a splintering heart

A broken rainbow falls from the sky
The tears of sorrow fill a young man's eyes
There's a dark cry from deep inside
From a splintering heart
