Launch the silver spear
The world will cry a tear
In the heavens will appear
Another angel

Hear the elders cry
Waiting for their time
As they look towards the heavens
Why won't they answer?

We are playing with nature
Splitting the atom
Confusing religions
Killing the masses

We are not separate
From what we destroy
Time has come for us
To make the only choice

We are not separate
From what we destroy
Time has come for us
To make the only choice

We rape for our power
Not caring for life
Tarnish our waters
'Til they are as black as night

We visualize the future
With the eyes of the blind
We hear nature calling
But we still deny

We are not separate
From what we destroy
Time has come for us
To make the only choice

We are not separate
From what we destroy

Time has come for us
To make the only choice

We are not separate
We are not separate
Separate
