Sometimes my visions are distant and vague  
Down at the base of the mountain  
Once in a while I am weak and afraid  
Tired and sick of it all

I don't believe that my story is set  
Nothing is destined or blatant  
Bound to this body a world full of hate  
No one will heed if I fall

No one can see it but you know that it's there  
Guiding the steps of your soul  
Holding the truth in the cross that you bear  
Die with a heart that is bold

Fly on the wings of despair  
No one is holding you back  
The call of the wild is internal  
Conquer the silence you fear  
Tomorrow will not fade to black  
Remember  
No one can save you today

The questions are more than the answers I know  
That doesn't mean you are lonely  
Searching for more consecutive goal's  
Making it worth to go on

No one can see it but you know that it's there  
Guiding the steps of your soul  
Holding the truth in the cross that you bear  
Die with a heart that is bold

Fly on the wings of despair  
No one is holding you back  
The call of the wild is internal  
Conquer the silence you fear  
Tomorrow will not fade to black

A new day is dawning  
Remember  
No one can save you today

You, and you alone is forging the path  
Leave your sorrows with the past

Never believe that the story is set  
Nothing is destined or blatant  
Bound to this body a world full of hate  
No one will heed if you fall

No one can see it but you know that it's there  
Guiding the steps of your soul  
Holding the truth in the cross that you bear  
Die with a heart that is bold

Fly on the wings of despair  
No one is holding you back  
The call of the wild is internal  
Conquer the silence you fear  
Tomorrow will not fade to black  
A new day is dawning  
Remember  
No one can save you...

Fly on the wings of despair  
No one is holding you back  
The call of the wild is internal  
Conquer the silence you fear  
Tomorrow will not fade to black  
A new day is dawning  
Remember  
No one can save you  
No one can save you today
