When the time comes will I know?  
Will I see the distant glow  
Of the sunrise, on the day  
When everything will change?  
I'll be scared, this I know  
But I'll know where I must go  
Take a step toward the goal  
Toward making it so

But will it come between you and me?  
Will it come between you and me?

I wondered all along  
If you'd want me to succeed  
Now it's here, we will see  
How happy you'll be for me  
Both of us wanting more  
From our sad little tortured lives  
If I get what I want  
Will you resent what's mine?

Take me off the flying trapeze  
Give me happiness please  
Give me time I'll be just fine  
I know how to walk to the line  
But will you be able to stand next to me  
If I should get more than you?
