I can't keep away from you  
Even though I know what I must do  
The cruel hand of fate, with you  
Is slowly closing around this

Something's got to get me through  
I can't take another disappointment  
Still I return to you with my arms open  
With my heart stolen

I want you  
But I can't have you  
And I understand it  
No one is wrong this time  
I feel this  
I'm wrapped around this  
But will it be worth it?  
Will there be a sign?

Floating down the river with you  
I could tell there would be trouble ahead  
But it felt so good next to you  
That I risked it  
I wished for it

I want you  
But I can't have you  
And I understand it  
No one is wrong this time  
I feel this  
I'm wrapped around this  
But will it be worth it?  
Will there be a sign?

Pulled to you like waves to the coastline  
I can let you go, I'm sure I'll be fine  
I keep telling myself those comforting lies  
To get through the longest night

I want you  
But I can't have you  
And I understand it

No one is wrong this time  
I feel this  
I'm wrapped around this  
But will it be worth it?  
Will there be a sign?  
Will there be a sign?
