You've reached the final stage
Too early for your age
And I would do anything
Used to be so close to me
Always a good friend to me
Now I'll be there for you

In the darkness you're sliding
I can't face that you're dying
How can this be?

If I could have seen
When we were only 19
I'd have stopped what's coming
I should have stayed closer
But as I got older
I slowly slipped away

Yea though I walk through the valley of the shadow of
death
I shall fear no evil
