Everything was going so well  
I don't know what happened  
A smashing sound and suddenly  
I'm falling to the ground

If I had just held on for once  
If I had been more  
Confident in myself  
Maybe less afraid of everything  
If you had not been painful for me  
If you had been more honest with me  
I might have made it

Sorrow comes again  
For reasons unexplained  
I come to you  
But I am not the same  
You sense my fear  
Tell me it's ok  
A cross to bear  
I pull too far away

All the world can see right through me  
I feel shattered and paralyzed  
Mistakes have been made that left me  
Crashing through the ice  
I feel so alone

If I had just stood up for once  
If I had walked right out the door and into  
Something more than we could get  
If you had only learned how to stop  
If you had been more than you are  
Then maybe we could have survived

Sorrow comes again  
For reasons unexplained  
I come to you  
But I am not the same  
You sense my fear  
Tell me it's ok  
A cross to bear

I pull too far away

Without regrets  
Without the same tired thing  
I will release you  
Like shooting stars  
Of who we are  
Of who we were then

Sorrow comes again  
For reasons unexplained  
I come to you  
But I am not the same  
You sense my fear  
Tell me it's ok  
A cross to bear  
I pull too far away
