Forever young, I wanna be forever young.

Maybe we can stay and dance for awhile.
Heaven can wait; We're going out in style.
Baby we can change our lives tonight.

So let us die young, or let us live forever.
With nights like these, that we will always remember.
Girl we're gonna shake this town tonight.

'Cause I wanna be forever young.
I wanna be forever young.
Do you really wanna live forever?
Forever, and ever.
Forever young.
I wanna be forever young.
Do you really wanna live forever?
Forever, forever young.

Baby we can sing our way through time.
These minutes are ours gotta make them shine.
This ticking from a clock up in the sky.

We don't wanna try to beat it to the end of the race.
Wanna dance in the streets, because we love the taste.
Tomorrow night we're back for another bite.

'Cause I wanna be forever young.
I wanna be forever young.
Do you really wanna live forever?
Forever, and ever.
Forever young, I wanna be forever young.
Do you really wanna live forever?
Forever, forever young.

Forever young.
We'll always be forever young.
Forever young.
We'll always be, oh yeah, forever young.

'Cause I wanna be forever young.

I wanna be forever young.
Do you really wanna live forever?
Forever and ever.
Forever young, I wanna be forever young.
Do you really wanna live forever?
Forever young.

Forever young.
Forever young.
