Can you see it?
Can you see the world breaking?
Can you feel it?
Can you feel the crack inside?
Do you know it?
Do you know all the answers
Do you hear it?
Do you hear the tigers cry

Just don't leave (it's just gravity, gravity)
Don't leave me

Can you see it?
Can you see the axis shaking?
Can you feel it?
Can you feel the sad goodbye?
Can you know it?
Can you know how I am feeling?
Can you hear it?
Can you hear me multiply?

I was lost
Before I found you
Now I am just as lost
Can you, please
Do one thing for me?

Don't you leave me
