Sorry there is no one home  
Think you'd better leave me alone  
Take your things and go  
It's over, how many times can I say  
That I want you far away  
I don't want you stay

If you could ever give me all I needed  
If you could speak and I could believe it  
Then maybe we'd be fine

But you won't  
All those nights when I prayed you would show  
Did it matter to you at all?  
Did you care when I built this wall?  
I don't think so  
I can't forgive us  
So now I give up

Maybe time will change my mind  
Fix these broken dreams of mine  
And I'll let you back in my life

If you could ever give me all I wanted  
If you could ever speak without me being haunted  
Then maybe we'd be fine

We've gone way too far  
Could you be who you really are?
