Hurry up, then wait  
I get caught in your haze  
Two years after the fact  
You landed right back here

We never found our way  
But still I'm connected  
Thought I'd pushed you away  
But here you are again

This is the story you've made of me  
This is an hourglass running 11:59

I thought maybe for a minute  
You might want me back again  
But then I was reminded  
Of the way it was then  
I thought maybe for a minute  
I might want you back again  
You looked right into me  
Saw right through me

How many times can I weep  
For what I've lost from you  
Barely able to sleep  
Surrounded by pain

This is the story you've made of me  
This is an hourglass running 11:59

You know I don't know the way  
To find where my love is  
I weave a twisted story  
Of what I feel, of what is real  
You know I adored you  
And in a way I guess I always will  
But we are far too fragile  
To reconcile, to end the denial
