There's an empty nail on a plaster wall
Somewhere inside my mind
Neon blue sign used to hang out here
Blinking cool under a July sky
We used to dance to the faded blues
Of the hand-me-down grooves
Wearing nothing but the beat
The summer was all that we had to lose
In a room full of two fools
Love came easy
Love came sweet
Hey baby I wanna meet you down
At the Midnight Club again
There's a trumpet wailing the night away
Miles Davis '65
Sometimes a song can change the way you live
Give you strength to die alive
We used to dance to the faded blues
Of the hand-me-down grooves
Wearing nothing but the beat
The summer was all that we had to lose

In a room full of two fools
Love came easy
Love came sweet
Hey baby I wanna meet you down
At the Midnight Club again
In a perfect world we'd be on the floor
Before tonight is through
But no one is dancing except me and loneliness
Steps I wish I never knew
We used to dance to the faded blues
Of the hand-me-down grooves
Wearing nothing but the beat
The summer was all that we had to lose
In a room full of two fools
Love came easy
Love came sweet
Hey baby I wanna meet you down
At the Midnight Club
I wanna meet you down
At the Midnight Club

I'm gonna meet you down
At the Midnight Club again
