GIRLFRIEND

By: Kamikazee

From the album: Kamikazee

It never even crossed my mind
That I would fall in love with you
You were always there behind me
But I never looked that way

Friends are friends I looked at them
Nothing more & nothing less
Familiar things you say & do
Seems so strange it's not like you

It never even crossed my mind
That I would fall in love with you
You were always there behind me
But I never looked that way

Funny things that made me laugh
Is when I think about the past
I never saw it coming
When I turned around & you were there

Chorus:

I learned today
That I need you more each day
Grab on to you
Don't ever let go
I learned today
that i need you more each day
grab on to you
don't ever let go
(chorus x2)

Don't ever let go
Don't ever let me go
