Let's go, follow me outside
And I know it won't be long till, I'm holding your hands
tight
I know you want to leave 'em all behind

So let's catch a cab downtown now
And let the fire up and make it right
'Cause there's nobody home tonight

Breakout and take it to the floor
So I can take you home and give you all the things
All the things we're not supposed to do

Breakout and take it to the floor
We'll finally be alone, just take me home with you
tonight
Just you and I, and sing oh, oh, and sing oh, oh, all
night

Let's go 'cause I'm feeling wild
And I know it won't be long till, I'm touching your skin
soft
I know you want to, give you up tonight, oh, no

I will never break your heart, girl
Just give me one more chance to make it right
'Cause there's nobody home tonight

Breakout and take it to the floor
So I can take you home and give you all the things
All the things we're not supposed to do

Breakout and take it to the floor
We'll finally be alone, just take me home with you
tonight
Just you and I, and sing oh, oh, and sing oh, oh, all
night

Oh, oh, oh, oh, oh, oh, oh, oh
Oh, oh, oh, oh, oh, oh, oh, oh
Oh, oh, oh, oh, oh, oh, oh, oh
There's no one home, hit the lights

Breakout and take it to the floor
So I can take you home and give you all the things
All the things we're not supposed to do

Breakout and take it to the floor
We'll finally be alone, just take me home with you
tonight
Just you and I, we'll finally be alone, we'll finally be
alone

Breakout and take me to the floor
We'll finally be alone, just take me home with you
tonight
Just you and I, and sing oh, oh, and sing oh, oh, all
night
