There's a girl inside tonight
Cause she's got nowhere to go
And her loves are running wild
Oh her loves are running wild yeah yeah yeah

There's a girl inside tonight
Cause she's got nowhere to go
And her loves are running wild
Oh her loves are running wild
And there's a voice inside her head but it's told just
what to say (told just what to say)
Never loved you anyway
He's just a snake and you're the prey

He's got cash cash cash
He's made of money but
He's straight out the trash trash
He'll rip your heart out in a flash flash flash
Oh no you're not for sale

Cash cash cash he's made of money but
He's straight out the trash trash
He'll leave you hangin in a flash flash flash
Oh no you're not for sale yeah yeah yeah

There's a girl inside tonight
Cause she's got nowhere to go
And the rain keeps pourin down
Oh the rain keeps pourin down
And it hurts to watch her stay
She could be loved but need a day.

He's got
Cash cash cash
He's made of money but
He's straight out the trash trash
He'll rip your heart out in a flash flash flash
Oh no you're not for sale

Cash cash cash
He's made of money but
He's straight out the trash trash

He'll leave you hangin in a flash flash flash
Oh no you're not for sale
Oh no you're not for sale yeah yeah yeah

Today is a hard day
But what you really need
And that's made of sweet highs
And day made of hours for you
Oooo cause that's what I dooo yeah
And you will never need his
No you will never need his

Cash cash cash
He's made of money but
He's straight out the trash trash
He'll rip your heart out in a flash flash flash
Oh no you're not for sale (oh no you're not for sale)

Cash cash cash
He's made of money but
He's straight out the trash trash (straight out the trash)
He'll leave you hangin in a flash flash flash
Oh no you're not for sale (Oh no you're not for sale)
(x3) yeah yeah yeah
