Shake!

Are you even here?

(Your begging please and your ready to go)

Oh... can't you see that I'm ready to go?

Oh... oh I better not show

I'm drawing dead and I'm ready to fold.

Waiting for someone to deal...

When the cards come falling

Down on the bed

But it's all in your head

So shake your fists if your even here

Down on the bed

But it's all in your head

So shake your fist

If you wanna go Oh are you losing control

Your begging please and your ready to go

Oh I better not show

I'm drawing dead and I'm ready to fold

Take Take a risk you're moving slow

This ones for sale, lady not for show

Do you wanna fold or go home

You're drawing dead and it's starting to show

When you think of what you better hope your shake  
shaking in your skin

I wish for you to find that love from the world you burn  
above

So be careful of what you wish for

When the cards come falling down on the bed

But it's all in your head

So shake your fist if your even here

Down on the bed but it's all in your head so shake your  
fist

If you wanna go Ohh-Oh are you losing control

You're begging please and your ready to go

Ohh-Oh I better not show

I'm drawing dead and I'm ready to fold

One, Two, One, Two, Three, Four

In your head and it's sinking in

It's not the first time you asked me for good luck  
What do I have to do to shut my mouth and love

Down on the bed  
But it's all in your head  
So shake your fist if you're even here  
Down on the bed but it's all in your head so shake  
shake shake your fist  
If you wanna go Ohh-Oh are you losing control  
Your begging please and your ready to go  
Ohh-Oh I better not show  
I'm drawing dead and I'm ready to fold
