18 you're caught in the scene
While I'm trying to make my way out of the whole thing
It's got me hooked through the mouth like a fish
straight out of the sea
Begging to get free

And I will admit I'm so sucked in wrapped up tight in
tucking you in

If I take it away will you cry tonight? Or fall in love
forever?
I'm asking you now before I try, to make it oh so better
And if I take it away will you cry tonight? Or fall in love
forever?
I'm asking you now before I try

So we thought, let's take things slow
And now I'm here and I don't even want to remember
While we dance to the rhythm by the bedside twisted
tongue tied lusting everything
But do you care what I feel?
Cause I don't really feel anything
When your running your lips down onto my -
Never mind, it's about you girl this time,

Cause you look so cute with your knees on the floor
looking up taking all of me

If I take it away will you cry tonight? Or fall in love
forever?
I'm asking you now before I try, to make it oh so better
And if I take it away will you cry tonight? Or fall in love
forever?
I'm asking you now before I try

Hush oh, my little lush, when you're running your lips
down
When you're running your lips down baby

If I take it away will you cry tonight? Or fall in love
forever?
I'm asking you now before I try, to make it oh so better

And if I take it away will you cry tonight? Or fall in love
forever?
I'm asking you now before I - when you're running your
lips down baby

Hush hush my little lush, if I take it away, will you cry
tonight?
When you're running your lips down onto my
playground
That's the way I like to get down
18, you're playing the scene
While I'm trying to make my way out of the whole thing
While we dance to the rhythm by the bedside
Twisted tongue tied lusting everything
