There's a party in your bedroom  
All night long  
There's a lot of talk about you  
Cuz there's a party in your bedroom  
All night long  
Pretty girl, it's your show  
Let it go when you're alone

There's a party in your bedroom  
All night long  
There's a lot of talk about you  
Cuz there's a party in your bedroom  
All night long  
Pretty girl, it's your show  
Let it go when you're alone

This feels right, don't say goodnight

Walking down the street  
Keeping hush-hush on the scene  
No one knows you  
Such a mystery  
Opposite of fun 'til you turn the power on  
Then you come out  
Turning up the heat

Upstairs all alone, one click for a show  
Your roof is on fire, you're losing control

There's a party in your bedroom  
All night long  
There's a lot of talk about you  
Cuz there's a party in your bedroom  
All night long  
Pretty girl, it's your show  
Let it go when you're alone

This feels right, don't say goodnight

Dancing with your hands  
Turning strangers into friends  
Touch the keys, please

And unlock my heart  
You're free to be a freak  
Change your picture every week  
Show the camera you're a superstar

Upstairs all alone, one click for a show  
Your roof is on fire, you're losing control

There's a party in your bedroom  
All night long  
There's a lot of talk about you  
Cuz there's a party in your bedroom  
All night long  
Pretty girl, it's your show  
Let it go when you're alone (x2)

This feels right, don't say goodnight

It's naughty pain  
When I think of you, can't stay on track  
'Cuz I can't wait  
Can't stay on track, can't hide the fact  
You're all I want, you're all I need  
Let's get this party started  
Kickin' hard, just you and me

There's a party in your bedroom  
All night long  
There's a lot of talk about you  
Cuz there's a party in your bedroom  
All night long  
Pretty girl, it's your show  
Let it go when you're alone (x2)

This feels right, don't say goodnight
