Now that you've made your mistake.
Now that you know how the heart bends and breaks.
Just throw away the book, and take a second look,
Behind the door: a guided tour; what we came here for.
One: don't let the sun go down on,
Two: love, but are undone by,
Three: whose name is.....
I won't even start before we learn the rules.
Like one: don't let the sun go down on,
Two: love, but are undone by,
Three: whose name is.....
I won't even start before we learn the rules of travel,
Inside each other's hearts;
Inside each other's hearts.

When do the walls tumble down?
Into the sky, into the stars and the ground.
Today, to give it up; surrender to the love, no man to
hold.
No way to know that you are home.

One: don't let the sun go down on,
Two: love, but are undone by,
Three: whose name is.....
I won't even start before we learn the rules.
Like one: don't let the sun go down on,
Two: love, but are undone by,
Three: whose name is.....
I won't even start before we learn the rules of travel,
Inside each other's hearts;
Inside each other's hearts.

Instrumental break.

One: (don't let the sun.)
Two:
Three: (don't let the sun.)
Four.

One: don't let the sun go down on,
Two: love, but are undone by,

Three: whose name is.....
I won't even start before we learn the rules.
Like one: don't let the sun go down on,
Two: love, but are undone by,
Three: whose name is.....
I won't even start before we learn the rules of travel,
Inside each other's hearts;
Inside each other's hearts.
