So I'm to blame for reason why you left him a mess and  
without a sign  
He was forced down this next part enough to make you  
leave his side  
But do you know, do you know what happens next?  
As he's torn apart that thinking

She got on a plane and they're miles apart  
Dug a little hole then she buried his heart  
With the one she trusts and they're on the run

Tears fall like the rain  
I feel a little bad when I think of the pain  
That you put him through, am I such a fool? oh yeah, oh  
yeah

Yeah, here we are and every line I say seems to come  
out right on time  
It's the first none the less just enough to keep you  
where you are  
Will it change? Will I be the next one hurt or the next  
one to complain that

She got on a plane and they're miles apart  
Dug a little hole then she buried his heart  
With the one she trusts and they're on the run

Tears fall like the rain  
I feel a little bad when I think of the pain  
That you put him through, am I such a fool, such a fool?  
Oh

She'll move on, she'll move on, she'll move on  
What is she waiting for?

She got on a plane and they're miles apart  
Dug a little hole then she buried his heart  
With the one she trusts and they're on the run

Tears fall like the rain  
I feel a pretty bad when I think of the pain  
That you put me through, am I such a fool? Oh yeah

So what am I waiting for? Yeah  
Well, she keeps running, she keeps running  
She's moved on, she's moved on  
She's moved on, she's moved on
