Verse I:

Toughen up in the dark,  
Sleeping endlessly.  
Dream follow me... See more

Melody, symphony,  
And the harmony.  
It makes me happy  
And it would set me free...

Reff:

Deep forest's tree, autumn mists, altarpiece  
Cling on the beauty  
And the scenery

Verse II:

Angel's eyes in the skies,  
Up above the sea  
Blessing me...

From whose eyes Saturn looks out,  
Illuminating me,  
Brilliantly,  
And it would set me free

Reff:

Deep forest's tree, autumn mists, altarpiece  
Cling on the beauty  
And the scenery

Rays of light, thunder and lightning  
All the emotions, and the sensations  
That comes from the mind of a man

Reff:

Deep forest's tree, autumn mists, altarpiece  
Cling on the beauty  
And the scenery
