I still remember
The day I left
We held each other so tight
I lost my breath
Every second, every moment
I'll be counting the day
Until I wake up right beside you
Anxiously I pray so

I can't wait
Just to get back to you
Even though we're miles apart
You still have my heart
And my soul aches
Thinking that I might lose you
I would ride a shooting star
Just to get back to you

Now leaving you
Was just out of my control
Three days away from you
Has let me know
Why I would move to the limits
To be in your arms again
I guess I miss your tender kisses
That keeps my world spinning so

I can't wait
Just to get back to you
Even though we're miles apart
You still have my heart
And my soul aches
Thinking that I might lose you
I would ride a shooting star
Just to get back to you

There is no mountain that I would not climb
I'd swim the deepest ocean
Ride the highest kites to be your sunshine
I'd soar across the universe
And the heaven's would know that you were first

In my life
I'd make that sacrifice for you

I can't wait
Just to get back to you
Even though we're miles apart
You still have my heart
And my soul aches
Thinking that I might lose you
I would ride a shooting star
Just to get back to you
