A funny thing happened to me just the other day  
A girl came my way  
She called your name, she said some things  
I thought it was just some hear-say  
But then she showed me a picture or two  
Of her with some dude  
In positions that weren't cool  
And then I looked again  
And I saw that this dude was you

My first reaction was to snap on her  
But what good would that do?  
You know that I had better things  
Than fightin' over you  
So many times, it seems that I refuse to see the truth  
But this time, you know that I am through

So just walk right out the door  
'cause you can't come back here no more  
You know we've been through this before  
So you can't come back, you can't come back

You're in and out of my life  
This time was your last try  
You made your bed, so there you lie  
So you can't come back

The last time you deceived me  
You said give you one more chance  
You blamed it on your weaknesses  
Of just being a man  
I was a fool to believe in you  
Put my heart in your hands  
I shoulda known when you did me wrong  
You'd just do it again

Please just leave, no convincing me  
You will ever be the man for me  
I'm so sick and tired  
Of hearing lies from you  
Just pack your bags  
'cause I am through

So just walk right out the door  
'cause you can't come back here no more  
You know we've been through this before  
So you can't come back, you can't come back

Did everything to please you  
But still, there wasn't enough  
Gave you my heart and soul, total control  
All I wanted was your love  
And see, now time after time  
I kept takin' you back  
Endless tears I spent on you  
And I'm tired of forgiving  
So goodbye, good riddance  
It's time for me to start living

So just walk right out the door  
'cause you can't come back here no more  
You know we've been through this before  
So you can't come back, you can't come back

Can't come back no more  
(You can't hurt me, no)  
No, you can't come back no more  
(No matter what you say to me, boy it's over)  
Can't come back no more  
No, you can't come back no more  
No more, no more, no more
