How could you do it
Jeopardize our family
Jeopardize our hopes and dreams
Jeopardize you and me
How could you do it
She don't even look that good
She don't even dress that good
She ain't even half as good as me

How could you break me down when
I'm the one how let you out
I am the one how loved you good
I am the one how loved you loved you loved you
But you don't care, do you?
Don't you don't care, do you
I wish you could feel my pain

It's like you stop the night in my heart and turned it
round
Like neutral the cut and knock me down

I wish you could feel my pain
How could you do it
Take her out for folks to see her
Be on her... me
And have our business in the street

How could you do it
Buy her...
Take her on a fancy trip
While I am home with your kids

How could you break me down
I'm the one how let you out
I am the one how loved you good
I am the one how loved you loved you loved you
But you don't care, do you?
Don't you don't care, do you
I wish you could feel my pain

It's like you stop the night in my heart and turned it

round
Like neutral the cut and knock me down

I wish you could feel my pain
How could you do me
The way you do me
How could you say you love me and still make me cry
Time after time you just break me down down down
Break me down down down

It's like you stop the night in my heart and turned it
round
Like neutral the cut and knock me down
Knock me down knock me down

I wish you could feel my pain
