How, how?

How could you do it?  
Jeopardize our family  
Jeopardize our hopes and dreams  
Jeopardize you and me

How could you do it?  
When she don't even look that good  
And she don't even dress that good  
And she ain't even half as good as me

Oh, how could you break me down  
When I'm the one who lifts you up  
I am the one who loved you good  
I am the one who loved you  
Loved you, loved you

But you don't care, do you?  
No, you don't care, do you  
I wish you could feel my pain

It's like you stuck a knife in my heart  
And turned it 'round  
Like you drove a car  
And knock me down  
I wish you could feel my pain

How could you do it?  
Take her out so folks can see her  
Be out and embarrass me  
And have our business in the street

How could you do it?  
Buy her all kinds of gifts  
Take her on a fancy trip  
While I am home with your kids

How could you break me down  
While I'm the that lifts you up  
I am the one how loved you good  
I am the one how loved you

Loved you, loved you

But you don't care do you?  
No, you don't care, do you?  
I wish you could feel my pain

It's like you stuck a knife in my heart  
And turned it 'round  
Like you drove a car  
And knock me down  
I wish you could feel my pain

How could you do me  
The way you do me  
How could you say you love me  
And still make me cry

Time after time, oh you just  
Break me down and down and down and down  
Break me down and down and down and down

It's like you stuck a knife in my heart  
And turned it 'round  
Like you drove a car  
And knock me down

Knock me down, knock me down  
I wish you could feel my pain
