As a woman it's my job  
To make sure my man is happy  
Always assure him that he  
Has all that he needs in me

As a woman it's my job  
To make sure he's so satisfied  
Keep it tight day and night so that I  
Never have to worry 'bout him strayin'

See I'm a real woman who wants a real man  
And when I find him I'm gonna keep him all I can  
You'll never catch me stressin' him  
You'll only find me lovin' him

I'm a real woman who wants a real man  
And when I meet him I'll give him all I can  
You'll never find me trippin' on him  
I'll only be givin' love to him

My woman's gotta have skills in the kitchen  
She's gotta keep it real with nothin' missin'  
You talkin' 'bout me  
And when she hangin' with her friends gettin' tipsy

She call me where she at and say she miss me  
You talkin' 'bout me  
She gotta give me good lovin' though the night now  
No matter where she at she be like, 'Right Now'

You talkin' 'bout me  
And when a brother's goin' through some of that raw  
stuff  
She got my back like "Sho' 'nuff"  
You talkin' 'bout me

Every man wants a woman  
Who really has the skill to cook his meals  
Mac and cheese, collard greens, cream corn, baked  
beans  
I'm a southern lady, my cooking's got him crazy

I hear they all want a woman  
Who can rock 'em all night, make 'em feel right  
Do a lot of tricks and keep him hyped  
You know, the house-wife, freak type

See I'm a real woman who wants a real man  
And when I find him I'm gonna keep him all I can  
You'll never catch me stressin' him  
You'll only find me lovin' him

I'm a real woman who wants a real man  
And when I meet him I'll give him all I can  
You'll never find me trippin' on him  
I'll only be givin' love to him

My woman's gotta have skills in the kitchen  
She's gotta keep it real with nothin' missin'  
You talkin' 'bout me  
And when she hangin' with her friends gettin' tipsy

She call me where she at and say she miss me  
You talkin' 'bout me  
She gotta give me good lovin' though the night now  
No matter where she at she be like, 'Right Now'

You talkin' 'bout me  
And when a brother's goin' through some of that raw  
stuff  
She got my back like "Sho' 'nuff"  
You talkin' 'bout me

You talkin' 'bout me, 'bout me  
Boy don't you see  
That you talking 'bout me, 'bout me  
Boy don't you see

My woman's gotta have skills in the kitchen  
She's gotta keep it real with nothin' missin'  
You talkin' 'bout me  
And when she hangin' with her friends gettin' tipsy

She call me where she at and say she miss me  
You talkin' 'bout me  
She gotta give me good lovin' though the night now  
No matter where she at she be like, 'Right Now'

You talkin' 'bout me  
And when a brother's goin' through some of that raw  
stuff  
She got my back like "Sho' 'nuff"  
You talkin' 'bout me
