[Ca\$his]  
Screech out, yeah  
That's what I'm talkin 'bout [bzzt]  
Ca\$his, Shady [bzzt]  
Good lookin Em

We in the Cadillac Cartel and Snoop DeVilles  
Ridin on Treys like Barksdale, I'm Hoover still  
Step out and see the new Car-mellos you would steal  
But you ain't runnin around here cause dude is real  
You dub for fifteen minutes sayin they shoot and steal  
I would tell you more, but I think, you would squeal  
I'm ridin at the wheel, lean back, poppin pills  
I make a lil' side money plus I got a deal  
I'm nine kids deep see why I got a deal  
It's served so the government can't touch my scroll  
Before I'm sittin in my big house on a hill, Dark  
Naughty, and H.B.  
All gon' have a meal, I am the Bogish Boy that was in  
my uncle's will  
You figure that out and see that I'm a "G" for real  
If feel a man there's one thing that he gon' feel  
Knock a nigga out while his gun on him still

[Hook]  
Now, now, now Lac Motion  
Drop-Top  
West Coast beatin down yo bloc  
That's how we do it out here, out here folk  
That's how we do it out here, back forth, forth

New Makeveli jeans 5X Blu Leaf hangin to my  
motherfucin knees nigga  
I got a gang of my partners from O.C.  
Figure if there's some drama they all ridin with me  
If ya recognize the situation that you can't win  
You may feel like a mark mellow but you can live  
Still you tryin to be hard, yellin out stupid shit  
I just look at you, laugh, and say that you a bitch
