She wears highs tonight
As she slides across the room to find me
Diamond eyes tonight
She makes every single move to blind me
Yeah

When she sets the room on fire
Fills me with a strange desire
Leaves me when I'm almost there
I feel my heartbeat stop

She's the devil in me
I don't know why
She's got me down on my knees
In overdrive
And she does cause she can,
And we both understand
That she's biting the hand that feeds her

And she says
Oh yeah
Oh yeah
Oh yeah

She wears highs tonight
And her walk lights up the streets behind her
She's all style tonight
And there is nothing I can do
She'll find me
Find me

When she sets my heart on fire
Fills me with a strange desire
Dances till she's got me down
I feel my heartbeat stop

She's the devil in me
I don't know why
She's got me down on my knees
In overdrive
And she does cause she can,

And we both understand
That she's biting the hand that feeds her

She says diamonds are a girl's best friend
Let me take you for the ride of your dreams
Turn the lights down low
And I'll show you what it's all about

Then all she left was a photograph
But I swear it's like a painting of Eve
When the lights go down
O I swear
She comes alive

She's the devil in me
I don't know why
She's got me down on my knees
In paradise
And she does cause she can,
And we both understand
That she's biting the hand that feeds her

Oh yeah
I don't know why
She's got me down on my knees
Oh please
In overdrive
She does cause she can
And we both understand
That she's biting the hand that feeds her
