I can feel your heartbeat
Beating right beside me
Tell me how you feel
I can see it's time, but let's stay until it's light
Let me show you what I mean
I can hear your heartbeat
Racing up to high speed
Shiver on the wheel

Book another flight
Come and stay with me tonight
Let me show you how it feels

I can see the light shine bright
Lift you up and touch the sky

Speeding like a timewarp
Dancing on the sidewalk
I'll show you how it feels
Lovers all the time
Shaking all the rivals
I'll show you that it's real

I can see the light shine bright
Lift you up and touch the sky
I can feel that full moon high
It's coming out to get you

The world is all around you
Wear it like it found you
Show me how it feels
Save that last goodbye
Let's get closer for tonight
Let me show you what I mean

I can see the light shine bright
Lift you up and touch the sky
I can feel that full moon high
It's coming out to get you

I can feel your heartbeat

I can feel your heartbeat
