Come down, closer
I know this is everlasting
Somehow closer along the way
So much, now this
And I feel worse than I have ever felt
And I know you say you'll find a way
And I will pray for you
I will keep my head down
And I will keep my head down and I'll follow
Keep my head down and I'll follow
Keep my head down
I will keep my head down
For you
Keep my head down
My will is empty
I'm counting ev'ry minute ev'ry hour ev'ry day
And I see you slowly fade along the way
Come down, closer
I know this is everlasting
I know you say you'll find a way
I will stay
But you ooohhh
I will keep my head down
For you
And I will keep my head down and I'll follow
Keep my head down and I'll follow
Keep my head down
And I will keep my head down
For you
I will keep my head down
For you
And though I'm spinning and I can't sleep
These thoughts around me
When all I've given you means nothing, nothing
And though I'm spinning and I can't sleep
I cannot bring you back
So stream on, through me
I know this is everlasting
Words mean so much along the way
And I will keep my head down and I'll follow
Keep my head down and I'll follow
Keep my head down

I will keep my head down (3x)
For you (3x)
I, I said I will keep my head down
Yeah yeah yeah yeah yeah yeah
I will - I will - I will - I will yeah
Keep my head down for you
