Another day is ending
I'm gonna make a difference tonight
Another day pretending
I don't think I'll ever survive

Oh more than anything
Oh give me everything
In over my head
But I'm standing
In over my head is where I wanna be

I'm gonna bet my wishes
I'm gonna take whatever arrives
Still aiming for a million
It doesn't mean I'll never get by, myself

And oh, more than anything
Oh tonight
In over my head
But I'm standing
In over my head is where I wanna be
And oh
For every time I tried too hard
Let go
Trying too hard to be cool
Trying to play by the rules
Oh I am gonna let it go

In over my head
Oh I'm gonna do so much more
In over my head
Oh I'm gonna do everything
In over my head
