aw her face on the evening news
It brought me back to the place i knew
Where day and night left no reason why
It was all for the sake of life

Felt the need when the tide was high
Hushed the hurt in her morning sigh
Chased the grim 'till the tide was low
All for love
It was all for the sake of life

And i will breathe it in
And i will breathe it out
Oh i will breathe it in
It's you i need

So where you go when there's nothing left?
What you do when there's nothing left?
And those who run
Those who never give in
Won't find no love
Love for the sake of life

You breathe it in
And you will breathe it out
Oh i will breathe it in
Oh i will
Breathe

And i didn't want it
God i didn't see
I guess i didn't feel it
And i didn't need it
Oh i didn't see
I guess i didn't see it

Is it all just made for nothing?
Is it?
All that matters doesn't mean a thing
Without love for the sake of life
