With my head against the window
Seal the letter which I did not sign
Should I wait for you for one last time

There's no end and no beginning
Every word comes like a silent scream
She told all the friends I did not see

How could I know that she would lift me up to let me
down
How could I know that you are all that really mattered
now
How could I know that forever wasn't quite so long

So where do I go now
Where do I go, yeah, yeah
Where do I go, yeah

She says nothing's everlasting
I'm so confused, I don't know what to do or what to say
I forgive you but I cannot stay

How could I know, I thought you'd wait for me but I was
wrong
How could I know that you are all that really mattered
now
How could I know that forever wasn't quite so long

So where do I go now
Where do I go, yeah, yeah
Where do I go, yeah

So where do I go now
Where do I go, yeah, yeah
Where do I go, yeah
So where do I go, yeah, go, yeah, go

Where do I go now
So where do I go, yeah, go, yeah
Come on now
Where do I go, yeah, go

She says nothing's everlasting
