Is this a hold-up?
Is this a hold-up?
Is this a hold-up?
Is this a hold-up?

We're staging hold-ups, mind your throat
He'll strip your will like cancer
We're staging hold-ups, give a kiss
That crippled hunter holds your answers
He'll strip your will like cancer

Give me your silver hot signature, signature
Give me your silver hot, silver hot, silver hot
Signature, signature

Your eyes are next to follow
And that's hard for you to swallow

Your eyes, can't ignore your eyes
Can't ignore your eyes and they always lie
Tear the throat and drink her life
They'll drink the death from your eyes
Can't ignore your eyes, can't ignore your eyes
And they always win

Your blood runs silver hot
And then the bullets hit your heart and you die
Can't ignore your eyes, can't ignore your eyes

Don't fear, don't fear me
He'll tear your apart
Read the message sketched in your heart
He'll tear you apart

I'll cry harder, I'll cry harder
Over her blood, over her blood
I'll cry harder, I'll cry harder
Over her blood

He'll tear you apart
He'll tear you apart
He'll tear you apart

Tear you apart
