"Against The Gravity"

Visit "[Against The Gravity](#)" on MotoLyrics.com

It's taking me over
You're wasting your time
In stealing my vision
I got my direction
I search for the light
I made my decision
I wanna find some kind of a new dimension
Don't wanna blind myself
With a new deception

Cuz I don't wanna know
How far you want me to go
You can't change my soul
I keep pushing back against the gravity
Just don't you follow me
Please stay out

Don't walk around
I don't need you by my side
To realize what deep inside
Don't need you to supervise
I wanna find somekind of a new dimension
Don't wanna blind myself
With a new deception

Cuz I don't wanna know
How far you want me to go
You can't change my soul
Keep pushing against the gravity
Just don't you follow me
Please stay out
Don't walk around
