Forty miles and forty days
You were gone without a trace
I'm begging for you
I waited for you

For any day and any place
I am lost without your face
I'm headed for you
I'm waiting for you

Gonna wait
A summer berry day
You and me
We'll might just stand it...
I'm the way that keeps you coming
I'm the way that keeps you coming

Everytime when you are near
I am lost without a trace

I'm begging for you
I'm bringing you down

Forty miles and forty days
I am here with all that place
Holding you down
I'm begging you now

Gonna wait
A summer berry day
You and me
We'll might just stand it...
I am the way that keeps you coming
I am the way that keeps you coming
I am the way that keeps you coming
I am the way that keeps you coming
