Was down in california,
Listening to this girl I tell ya,
Got nice ass yeah,
What a nice ass yeah,

But I've never been here,
I've never been here,
So I followed her,
Listening whispers in my ears,

Oh no! I got to say,
I love her anyway,

So you keep quick,
Not much lipstick,
I hate you coz you're in a deep shit,
Runaway deejay, Runaway everybody,
But I've never been here,
I've never been here,
So I think I'll stay,
Despite all the things you say,

Oh no! I got to to say,
I love you anyway,
But oh my God,
I was wrong,
The way the path to go it's must to (hard)...
I need time, I was wrong

I need someone to go with me this time,

But I've never been here (5X)

Why? I, I...
Why I try, why I cry,
Why you die...
Why, Why, Why
