I loved you,
the first time I saw you
Now my heart will fall always stay true
The beauty of your smile,
it brings tears into my eyes
So grateful for the days that we shared

You saved me,
the first time I kissed you
You showed me,
a world that was brand new
You brightened up my day,
there's so much I want to say
I don't know,
just where I am to begin

I believe I dreamed you into life
I waited here for you to shine a light
My heart painted a picture
A beautiful design, of you and I
When I see my love reflected in your smile
It's so magical that words cannot describe
I feel like a child looking at the sky
For the first time

For all the joy,
you've opened my eyes to
You're the one,
whom always see me through
Your little hand in mine,
we both stand the test of time
Together, I'll never leave your side

I believe I dreamed you into life
I waited here for you to shine a light
My heart painted a picture
A beautiful design, of you and I
When I see my love reflected in your smile
It's so magical that words cannot describe
and I feel like a child just looking at the sky
The first time, Oh first time

So innocent and beautiful
You're everything I could wish for

I believe I dreamed you into life
I waited here for you to shine a light
My heart painted a picture
A beautiful design, of you and I
When I see my love reflected in your smile
It's so magical that words cannot describe
I feel like a child looking at the
sky
Baby you're the reason why
In your love I cannot lie
For the first time
