Before I realised it, it's been so long  
I've been staying in this Ice Age that's without you  
Although memories keep reeling in my mind  
The love that's already frozen will not be thawed again  
The way you casually say I'm a good man  
And I cannot tell you my real thoughts  
I'm hesitating whether I should  
Admit that I can't let go  
The breakup on day 127 left 127 hearts in pain  
Each day, regret taught me a little  
How could I neglect your feelings  
How much tears did you she'd before you found a  
reason to leave me  
Perhaps the one who's been tolerating all the while is  
you  
The mistakes you made because you were gentle

There's only your beautiful silhouette in my eyes  
My eyes only seek for your news  
Even if I've moved on  
I'm still lingering around the fond memories  
My heart has died since a long time ago, it has lost the  
reason to live  
Right from the day you stopped loving me, it stopped  
beating  
The breakup on day 127 left 127 hearts in pain  
Each day, regret taught me a little  
How could I neglect your feelings  
How much tears did you she'd before you found a  
reason to leave me  
Perhaps the one who's been tolerating all the while is  
you  
The mistakes you made because you were gentle  
Damn baby, how we end up here  
You know it's funny  
I just miss you so much  
I still remember holding you kissing you  
I wish I could just see you right now lying in my arms  
Maybe I'm waiting for you  
Please just come back to me  
I love you

The breakup on day 127 left a 'me' who's missing you  
terribly  
A day, a year, time has proven  
That I've never forgotten about you  
It took so much loneliness for me to understand the  
reason you left  
I don't have the right to ask you to return to me  
Unless you can understand how my heart hurts
