[VERSE 1]

Yo, yo yo yo yo

When I see the fans go mad I think why do they like me?

Theres about a thousand other boys just like me

Spittin lyrics on the mic dressed in nike

What makes me so special?

When they say im the next one to blow

I say why do they think me?

All I do is stay in mostly and sleep

And all I do is watch channel u and drink tea, why me?

All I do is listen to myself and get my lyrics in order

Play my own songs and give a mirror performance

Now im about to sign im sort of in there with warmers

Im movin on now, wish me good luck

My manager said this the quickest deal ever

I said 18 years aint the quickest deal ever

Im tryin 2 sell and make the quickest meal ever

Support my family so I can feel better

But its not for the cheddar,

Its not for the fame

Its not for the rolex

Its not for the chain

Its just for the respect, ive been doin this for years

remember

Free of charge I aint rich yet

[CHORUS]

sometimes I think is it all worth it

I aint a popstar I cant be perfect

Ive know ive got far, but is it to far to turn back?

sometimes I have to kick myself

coz sometimes I cant believe this shit myself

so sometimes youll see me in a daydream

finkin could be underground goin mainstream

sometimes I have to kick myself

coz sometimes I cant believe this shit myself

so sometimes youll see me in a daydream

finkin could be underground goin mainstream

[VERSE 2]

its so real now, ive had dreams of this album
so reality is the theme of this album
boy I dunno if ill make cream off this album
I just wanna see fans screamin and shoutin
I aint doubting my ability but sometimes I think why me
particularly
What different have I got to offer lyricly?
But maybe there is something about me that the worlds
dying to see
And without me, who can replace me a few can amaze
me
And literally do what I do to the rave scene
and go from spittin in the booth to the mainstream
but am I gifted? Maybe I am
18 im only a baby I am they say
but was I born to do this ? yes
I don't have to sign no forms to do this but
I just take it one step at a time
One word at a time
one stage at a time
one breath at a time
until I run out of time.

[CHORUS X2]
