Intro

This is the girl that I want
This is the girl thats gon make me fall in love
Girl I would ride for you
Give up my life for you
Baby cos girl I changed
And this is the girl that I want
Uh oh oh (repeat)

Verse 1

I'm comfortable, it been way more than a month or two
It's deeper than that I roll with you
So no other chick cant come close to you
And deep down I know that you notice
You don't like if I come with you
But chicks wanna hug me in front of you
But I don't mean to rude
I won't find me another one quite like you
I know that we become so close
And I know I'm mostly on tour with girls backstage after
the encore
But I'm down for you, look out for you
Try my best to be around for you
And if you still want me then I want you to know
You're the one I want when I'm gone

Chorus (1/2)

This is the girl that I want
This is the girl that's gon make me fall in love
Girl I would ride with you
Give up my life for you
Baby cos girl I changed
And this is the girl that I want

Verse 2

Now I've been In a club many a time
Been a player two girls at a time
Been a brave bad boy like shine (too blind to see what
you were doing)
I was involved in close, hiding with a silent ring tone
Like Jude Law in Closer

Relationship rollercoaster
My life, my real life co-star
And no doubt we coulda gone far
But I try and..STOP..coz so far
Well Dat wont Last
Move so fast spin round the track like go-karts
Over and over and over
Till the stop starts?? I'm so lost
Cos I couldn't be what you wanted me to be
When I Couldnt Breathe I wanted you to leave
What you couldn't see
Was Me in the club wif she
Looking like my wife to be
But finally
I've grown up since then
My eyes open up since then
I've changed so let's keep it ... Movin

Chorus (full)

This is the girl that I want
This is the girl that's gon make me fall in love
Girl I would ride with you
Give up my life for you
Baby cos girl I changed
And this is the girl that I want
This is the girl that I want
Forget bout all them other girls before
Wanna get involved with you
And the other girls aint the same
That play the game
This is the girl that I want
Uh oh oh (repeat)

Verse 3

Under the canopy
My stamina be enough for Angelina Jolie
Actually I had to become a man to be the man you see
And I know your fantasy
A baby and a family with me
I know how it sounds but believe me
If I don't know how to be Teach me

Chorus (full)
