Angels have fallen, fallen from heaven, where did they go

No one could save them, no one forgave them, their chance to know

When I hear them below, I think how it is to be weary

Children are restless, they know what can happen when men are vain

Talking in riddles won't keep them from knowing you've gone insane

They know a few will try to gain by trying to live like their teachers

Save me for now, save me forever

Hold me so close, I can't bear to go

There's darkness around me or is it within me

You're living forever, but I'm dying so slow

Inside a window that leads to your conscience, you'll see, you'll hear

People are talking, maybe you know them, they know you're near

Masking themselves from fear and asking themselves who their friends are

Save me for now, save me forever

Hold me so close, I can't bear to go

There's darkness around me or is it within me

You're living forever, but I'm dying so slow

Well, you say that you've been here in this life and time

You say it's no good here, but you say that so fine

As you reach for your winnings, an angelic excuse

Around them you act humble, still you never refuse

You better tell all your people to watch for a sign

To make them glad they are living in this life and time

The angels have fallen, they've all gone away

It's you that must find them by living each day
