I got an attitude, it's a little rude  
A humdinger  
I'm in a dangerous place;  
I need to win the race  
It's a dead ringer  
I'm on a windin' road;  
I got an overload  
It's a redline  
Life is movin' fast  
But it can never last  
When everything's so fine

Grand fun... grand fun alley  
I'm having so much fun  
Grand fun... grand fun alley  
Here in the alley

Ain't had my fill of fun;  
I'm underneath the gun  
Time is flyin'  
If you pass me by,  
You know I can't deny  
That I'm still tryin'  
There's a turn ahead;  
I'm runnin' out of lead  
Feel like retreating  
And the fuel gauge is down;  
I'm gettin' out of town  
Can't take a beating

Grand fun... grand fun alley  
I'm back in the alley again  
Grand fun... grand fun alley  
Here at the end of time  
Grand fun... grand fun alley  
I'm still havin' so much fun  
Grand fun... grand fun alley  
I'm back in the alley

If you wait too long,  
You can't afford the wrong

It's a doozy  
When the times are good,  
They still cut you down  
Just like an Uzi  
If the price is high,  
You better look to the sky  
'Cause there's a call in  
Everything's gonna change;  
It's getting very strange  
So take it all in

Grand fun... grand fun alley  
I'm havin' so much fun  
Grand fun... grand fun alley  
I'm kicking back in the alley again  
Grand fun... grand fun alley  
Here at the end of time  
Grand fun... grand finale  
I'm back in the alley  
[instrumental to fade out]
